- **Darling-Hammond et al.** (linked above): the seven elements of PD that works; this series was built against that list on purpose.
- **RAND's guidance-lag report** (linked above): why a written stance puts your school ahead of most.
- **The state guidance tracker** (linked above): what your state has published, for the day leadership formalizes policy (Kit 15).

Our citation promise: every source in this kit was verified against the live publication, existence and claim, before inclusion. Where full author lists could not be verified, "et al." is used rather than guessed names. If a link moves, tell us and we'll ship the fix to every member school.

How this kit was made

Every AI-Ready School kit is drafted with AI assistance, the same way we teach educators to use it, then researched, fact-checked, revised, and approved by Adam and Katelyn Spinozzi, certified educators with 20+ combined years in classrooms. Nothing ships without a teacher's judgment on it.
